

THE BOURBON NEWS.

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXVI.

PARIS, KENTUCKY, FRIDAY, JULY 3, 1906.

NUMBER 50

Splendid Showing.

We call attention of the readers of the News to the splendid showing made by the banks whose statements appear in this issue.

The prosperity of any community is best attested by the business as reflected through the medium of our banking institutions. The aggregate deposits of the four banks are as follows: Deposit, \$24,347.21; Agricultural, \$191,579.84; Bourbon, \$160,436.71; Farmers, Millersburg, \$115,823.53.

Hon. R. W. Miller Dies.

The sudden death of Hon. R. W. Miller at his home in Richmond, was a shock to the people of this city, where he was well and favorably known.

His death is a positive loss to the community in which he resided, to the county and state that had honored him, and especially to the Democratic party, of which he was one of her ablest young statesmen.

He was a cultured gentleman, a gifted orator and a man of much promise. Of splendid physique, handsome and full of the vigor of youth, perfect in his habits he was a lofty-minded character, whose taking away when his future career seemed almost won, is an irreparable loss that time can not assuage.

I have a large stock of the famous Block Gas Lamps. Lamp and mantle complete, only 50 cents.

J. J. CONNELLY.

Squire Howell's Court.

Two interesting trials will take place at Clintonville, this county, tomorrow when Will Stephenson will be arraigned on three charges as follows: Carrying concealed deadly weapons, shooting on the public highway and for shooting craps. He will be represented by attorney Robert Young, of Lebanon, Ky. Will Boone, alias Bungoo, a negro, who it is alleged has given the citizens of that quite community considerable trouble, will be tried on the charge of selling liquor without license. Boone will be defended by Frank Haggard, of Winchester. County attorney T. E. Moore, Jr., will prosecute both men.

Enjoyable Trip.

Judge J. D. Wyatt, of Ewing, Ky., will personally conduct an excursion to Niagara Falls and Canada on July 23th for one week. Judge Wyatt has conducted fifteen excursions to this the grandest scenery in all America.

The trip will only cost for all expenses the small sum of \$25, and any one who desires further information should call upon Miss Sallie Whaley, of this city.

Prof. Lippard is receiving the names of students wishing to enter the Business College the first of September, and wishes the names of all others. Nothing pays like a thorough business education. Address Prof. Lippard, Paris, Ky. (1t)

Paris High School Improvements

Acting upon the advice of Professor Geo. W. Chapman, the new superintendent of the Paris city schools, whose twelve years of experience as a successful supervisor of the graded school system, eminently qualifies him for the work that is before him, the Board of Education will make a number of changes, both as affects the comfort of pupil and teacher as well as the course of study to be pursued.

The changes as affects the building will be an enlargement of the school library, an office 8x10 on the second floor, remodeling and refurnishing of two basements for the use of girl students on rainy days as a play ground, and better illumination of the dark halls.

A new teacher will be added to the already efficient corps of instructors with a college certificate of no less than the degree of A. B.

It is believed a new area of success is ahead for the Paris High School as Prof. Chapman is displaying that conception of its needs and requirements as evidenced by the energetic manner in which he grasps the situation.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

STOCK AND CROP.

—Thos. McClintock & Sons bought a pair 5-year-old mare mules of John Marshall for \$340.

—E. E. Wood shipped from Muir, Ky., 500 lambs to the Eastern markets that cost 6 cents per pound.

—Jack Paton sold his crop of wheat on 100 acres to Cynthia parties at 8 cents per bushel, f. o. b. Shawhan.

—B. F. Buckley has sold 14 Arabian ponies at from \$60 to \$150. He also sold 25 fat hogs to Bishop Hibler & Bro. at 6 cents per pound.

—Thos. McClintock & Sons shipped last week four double decks of lambs to Jersey City costing 6 cents, and two cars of 210 pound hogs to the Cincinnati market.

—But little activity prevails in the cattle market. Choice butcher stuff is finding ready sale, especially fat heifers. It is reported that two bunches of export cattle were sold Saturday at 5 1/2 cents per pound.

—W. F. Bryan, of near North Middletown, this county, sold to M. Well, of Lexington, 80 head of fat cattle averaging 1,333 pounds at 4 1/2 cents per pound for 6 head which have been weighed and delivered. The remaining 39 head are to be received August 1st.

—Thomas F. Dunlap, of Versailles, Ky., purchased of James W. White, of Montgomery county, Ky., 25 yearling mules for \$145 per head. This bunch of mules was extra good and the price is the best ever received in Montgomery county for yearlings.

—Farmers are not disposed to sell their cattle, believing the market will improve after the rush of range cattle from the Western States has ceased to affect prices. Then, too, cattle are doing finer than for years, the grass being exceedingly luxurious in growth and fat building nutriment.

—Meadows are looking much better than early indications promised owing to the crop being seriously affected by the drouth. White top is much in evidence this year and will make the quality of hay inferior. Many blue grass pastures are showing a beautiful supply of this undesirable weed.

—Wheat is quoted in the local market at 78 cents per bushel. The crop is all in the shock and threshers began work yesterday. The quality of the grain will be excellent and the yield much better than last year. Some fields that were early planted and on strong land will, it is asserted by experienced growers, produce from twenty to thirty bushels. On thin land where the young plants were more or less affected by the drouth the yield will average from 10 to 15 bushels.

—Dealers who purchased lambs early in the season for June delivery at 5 1/2 to 6 cents per pound are said to have cleaned up a nice profit, as the market was strong for top quality in the East at 9 cents. A reaction set in the latter part of the week and the market was slightly off. One Bourbon shipper who had made large advanced prices sold to Joe Frakes for S. & S. Co. about seven car loads at seven cents per pound. Mr. Frakes shipped five double decks last week and will ship the remainder tonight.

—Considerable discussion was indulged in Monday by farmers conversant with a large transaction in hogs said to have been consummated some time ago when Jonas Weil, of Lexington, sold to Dan Scott, of Pine Grove, W. L. Spears, of Fayette county and Henry Caywood, of near North Middletown, this county, 40 car loads of fat hogs for delivery during the month of July. It is said that Mr. Weil was to deliver 6 car loads every Monday morning at Cincinnati at the price of 6 1/2 cents per pound. The market yesterday was quoted at \$68.50 per hundred pounds, thus losing Mr. Weil 3 cents on each 100 pounds, or about \$300 on the first shipment.

Lawn Fete.

The Baptist Sunday School will give a lawn fete from four to ten Thursday, July 5th, in the yard of Mrs. S. M. H. Clark, opposite the street car station. Refreshments will be twenty-five cents. Everybody is invited.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

RELIGIOUS.

—Rev. Dr. Eberhardt, formerly pastor of the Baptist church in this city, will fill Rev. Clarke's pulpit Sunday morning.

—Over 200,000 Baptists were represented at the meeting of the General Association which met last week at Richmond.

—The Baptists are endeavoring to raise \$500,000 for educational purposes. One man gave 4,000 acres of coal land valued at \$100,000 to \$500,000. Leading members of the Baptist church of this city say that unless they realize a good price on their old church property they will build there instead of the lot recently purchased.

The Story of an Invention.

The power loom was the invention of a farmer's boy, who had never seen or heard of such a thing. He fashioned one with his penknife, and when he got it all done he showed it with great enthusiasm to his father, who at once kicked it all to pieces, saying he would have no boy about him who would spend his time on such foolish things. The boy was sent to a blacksmith to learn a trade, and his master took a lively interest in him. He made a loom of what was left of the one his father had broken up and showed it to his master. The blacksmith saw he had no common boy as an apprentice, and that the invention was a valuable one. He had a loom constructed under the supervision of the boy. It worked to their perfect satisfaction, and the blacksmith furnished the means to manufacture the looms, and the boy received half the profits. In about a year the blacksmith wrote to the boy's father that he should bring with him a wealthy gentleman, who was the inventor of the celebrated power loom. You may be able to judge of the astonishment at the old home when his son was presented to him as the inventor, who told him that the loom was the same as the model that he had kicked to pieces the previous year.

The Pointer.

There is as much fallacy in attempting to prove the origin of pointing as in a like attempt to prove the origin of eating. As a matter of fact, the pointing act commonly exhibited by the pointer and setter is an incident of the capture or attempted capture of food by dogs, and also by wolves and foxes. Coyotes have been seen to draw and point on prairie dogs and grouse in precisely the same manner that the pointer and setter draw on game birds. There were the same rigidity and stealth, the pause to judge of distance and opportunity and the final rigid pause when all the energies are concentrated for the final spring to capture. All the phenomena displayed by the dog family indicate that the drawing and pointing in the pursuit of prey were ever natural traits. It may be reasonably believed that man could not breed the pointing instinct out of the dog if he attempted to do so.—Forest and Stream.

A Gentle Wish.

It was their honeymoon. They had moved into a pretty suburban house and were getting settled cozily at last. "I have something for you," she said when he came home from the office. "A present?" "Yes. You have no night key, so I had one made for you. Here it is." "That was very thoughtful of you. But how did you come to take so much trouble?" "I wanted it as a kind of barometer. You'll let me look at it now and then, won't you?" "Certainly." "I'm not going to say you mustn't go out evenings, and I'm not going to sit up until you come home when you are out late. I only hope," she said coaxingly, "that every time I look at it the key will be a little bit rustier, and then I will know that home pleases you more than any other place."

The Story TELLER AMUSEMENT.

Ralph Waldo Emerson was once greatly amused with the following anecdote: A lady, deeply veiled and dressed in mourning, was riding in a stage-coach in Vermont, opposite to whom sat a small, sharp featured, black eyed woman, who began catechizing her thus: "Have you lost friends?" "Yes, I have." "Was they near friends?" "Yes, they was." "How near?" "A husband and a brother." "Where did they die?" "Down to Mobile." "What did they die with?" "Yellow fever." "Was they long sick?" "Not very." "Did you get their chests?" "Yes, I did." "Was they hopelessly pious?" "I hope and trust they was." "Well, if you got their chests and they was hopelessly pious, you have great reason to be thankful."

The stress laid on the "chests" and the placing of their rescue before the piety of the lost husband and brother as reasons for thankfulness struck Emerson as exceedingly characteristic of a certain class of Yankees and infinitely mirth provoking.

A Tale From Turkey.

Here is an odd yarn from the London Times of March 31, 1806, about a man living in Constantinople known by the name of "Solyman, the eater of corrosive sublimate." "He is now 100 years old. In his youth he accustomed himself, like all the Turks, to take opium, but after increasing the dose to a great extent without the wished effect he adopted the use of sublimate and had taken daily for upward of thirty years a dram, or sixty grains. He some time since went into the shop of a Turkish Jew, to whom he was unknown, and asked for a dram of sublimate, which he diluted in a glass of water and swallowed in an instant. The apothecary became greatly alarmed lest he should be accused of poisoning the Turk, but his astonishment may be conceived when the next day the Turk came again and asked for a similar dose."

Fair News.

Construction work on the new am-
phitheatre is progressing rapidly and
will, it is thought, be finished within
thirty days. Contractors are busy
sinking a 6-inch well and expect to
strike an abundant supply of water
within two hundred feet. The various
committees are working hard to formu-
late every detail necessary to the first
successful exhibition of the resurrected
old Bourbon County Fair. The Traction
Company has received material for
the new switch along the property and
will soon begin laying the track. Only
two months remain for preparation,
for the completion of the grand
stand, stables, fencing, and the thou-
sand and one minor details of this gigantic
undertaking that means much for the
city and county and for the live stock

and agricultural interests. Let every-
body join in helping to make the old
Bourbon Fair showing success. If
you can't do anything but attend the
fair every day of the week so much
for your efforts in making its success
an assured fact.

STRANGE ADVICE!

Dr. C. G. Green gives alert personal attention
to his great humanitarian contract.

In our Almanac for many years past we
have given unusual advice to those afflicted
with coughs, colds, throat or lung
troubles or consumption. We have told
them if they did not receive any special
benefit after the use of one 75-cent size
bottle of German Syrup, to consult their
doctor. We did not ask them to urge
them to use a large number of bottles, as
is the case in the advertising of many
other remedies. Our confidence in Ger-
man Syrup makes it possible for us to
give such advice. We know by the ex-
perience of over 35 years that one 75-cent
bottle of German Syrup will speedily re-
lieve or cure the worst coughs, colds,
bronchial or lung troubles—and that,
even in bad cases of consumption, one
large bottle of German Syrup will work
wonders. New trial bottles, 25c; regu-
lar size, 75c. At all druggists.

G. S. VARDEN & SON.

Failed to Speak.

Owing to the small court day crowd
Judge B. F. Hill, of Henry county,
candidate for the Democratic nomination
for Congress did not speak at the
court house as announced. Mr. Hill
was here and in his happy and pleasant
way mixed with the crowd and present-
ed his claims why he should be sent to
Congress.

D. C. Hunter, Assistant County At-
torney of Fayette, was here in the in-
terest of Hon. William Preston Kim-
ball, Mr. Hill's opponent and likewise
shook hands with the boys. Mr. Hun-
ter said Mr. Kimball was much improv-
ed in health since his return from
French Lick Springs and had gone to
Frankfort, it being court day at the
state capital. He further said Mr.
Kimball would make an active canvass
of the district and would visit all the
counties.

It must be admitted that the present
campaign to select a Democratic candi-
date for Congress is perhaps the tamest
affair of any like campaign ever held in
the famous Ashland district. There
seems to be absolutely no interest taken
or enthusiasm manifested and while the
News is pledged to no man, believing
that either of the two candidates would
make a fitting and able representative
in Congress we must add that the senti-
ment of the county seems to favor the
aspirations of the Fayette gentleman.

Important Witness.

Bud Brink, who is wanted as a witness in the case of Julian Throckmorton, in jail on the charge of murder, having shot Audley Green five times, from the effects of which he died, was arrested yesterday and lodged in jail in default of \$500 bail. The bench warrant was issued from the Bourbon Circuit Court, it being alleged that Brink was trying to evade the processes of the court in absconding himself as a witness. Brink is an important witness for the Commonwealth, being present at the time of the homicide, and when the inquest was held by Coroner William Kenney he could not be found. Throckmorton will be given an examining trial until Thursday, owing to the absence of his attorney tomorrow and the further fact that Wednesday is the Fourth of July, a legal holiday.

Dull Court Day.

Court day was dull and void of animation. But few farmers were in town who sought places of retreat from the burning rays of old Sol. The market for live stock was dull and uninteresting, the supply of all kinds being very limited. Aside from a general discussion of the probable market on wheat and cattle farmers seemed to be uninterested in anything bordering on passing events and the day passed into history as one of the dullest court days ever witnessed in Paris.

Fair Enough.

If you will try a case of the famous Lion Beer, the best on earth, and are not pleased with it, we will gladly refund your money. All doctors recommend this beer for family use and for convalescents.

Awful Railroad Wreck.

Near Salisbury, Eng., on the London and Southwestern Railway, running at the high rate of speed of seventy-five miles an hour, a passenger train having on board 47 Americans who had just arrived from New York on the Steamship New York, was wrecked and the lives of 23 dashed into eternity including Chas. F. McMeekin, of Lexington, the well-known turfman. Almost every one of the remaining 24 passengers were seriously if not fatally injured.

Most Popular Young Lady in the District.

In a telegram from the Courier-Journal Company Miss Milda McMillan, of this city, was informed of her success as a candidate for the trip to Europe voting contest. Miss McMillan's vote aggregated the handsome total of 176,000, 16,000 of which was coupons cut from the daily Courier-Journal. Miss McMillan's opponents were Miss Oda Kash, of North Middletown, this county, and Miss Stella M. Donaldson, of Winchester. The vote received by Miss McMillan, who is a daughter of the late Dr. J. T. McMillan, attests her popularity not only in Paris, where her friends worked incessantly for her success, but in adjoining counties, and wherever she was known she received a hearty and steady vote that was a compliment to her unaffected yet becoming modesty.

Miss McMillan is one of Bourbon's most beautiful and attractive young women and possesses many accomplishments. She will make a most delightful companion to those who compose the Courier-Journal party to Europe. Her graceful ways and charming manners will make her a favorite and we hope to see her as well as all who go upon this trip to the old world return in the best of health and with a store house of useful knowledge and information.

Put on Your Thinking Cap!

Put on your thinking cap, and run over in your mind the transactions you have had with The Fair. Probably you cannot recall them all, but can you think of a single case where your purchases did not turn out well, where the article purchased did not prove to be as good as, or better, than represented?

No matter how much or how often you may have patronized The Fair, we believe you will search your memory in vain for any existence of dissatisfaction.

That is the real backbone of our business, the invariable satisfaction that accompanies every purchase. That we also sell at low prices is, by comparison, a minor matter. We like to be known as "the low-priced store," but we are still better pleased to be known as "the store of satisfactory values."

Paris Will Try for Revenge Wednesday.

With disappointment depicted upon the faces of Paris fans, Lexington, before the largest crowd of the season, defeated the locals in a hot and close contest Sunday afternoon.

Paris had Ferguson on the slab to do the twirling and in the first half of the game he did his work well. From the extreme heat he seemed to weaken as the game progressed and in the sixth inning was batted out of the box.

The game started with the visitors at the bat. They were out in one, two, three order. In the second Jones opened with a clean single, stole second, went to third on a pass ball, and scored on Shaw's single. Wood, Porter and West fanned, retiring the side.

The visitors added two in the fifth. Frye walked, and stole second. Johnson reached first on a fgo-umble, Frye ing to third, both men scoring on Strader's single.

In the following inning they chalked up four tallies, batting Ferguson out of the box. Wood and Porter doubled, both men scoring on Shaw's single. Shaw was caught at second on West's short hit to third. Frye reached first by being hit with a pitched ball.

Johnson recached first on a fumble and both scored on Fieber's double. One run in the seventh completed their total.

For the locals the game started off nicely. Betscher opened with a double, scoring on McBride's single.

Darringer opened the second with a beauty that bounded over the fence, the runner circling the bases.

In the fifth the locals took the lead. Ferguson walked, Shinnars was out on a short fly to second, Elgin sing'ed, while Betscher was thumped with the ball filling the bases. Flick popped up a little fly which Frye fielded to the plate, catching Ferguson.

McBriar cleared the bases with a beautiful two-bagger that set the crowd wild with enthusiasm. They added another run in the seventh and tried hard to win out in the closing innings, but Jones, who was substituted for Frye in the eighth, held them without a hit and struck out four men. The score:

Lexington.....0 1 0 0 2 4 1 0 0—8
Paris.....1 1 0 0 3 0 1 0 0—6

Batteries—Lexington, Frye, Jones and Wood; Paris, Ferguson, Darringer and Moeller.

Hits—Lexington 10; Paris 9.

Struck out—Ferguson 4, Darringer 4, Frye 3, Jones 4.

One hundred and fifty Lexington fans came down on one regular and one special interurban car to witness the game. Many ladies were in attendance. Paris and Lexington will play another game on the local grounds on Wednesday, July 4th.

Bail Reduced.

Chas. McFarland, trainer at J. F. Barbee's stock farm, and who is under indictment at Cincinnati on the charge of bigamy, went there Saturday to stand trial. Witnesses for the prosecution failed to put in an appearance and the case was further continued and the amount of bail reduced from \$3,000 to \$1,000. Mr. McFarland's many friends are congratulating him upon the probable termination of the case as it is said to be inspired through malice.

The bill appropriating \$40,000 for a government building for Paris passed safely through conference Saturday and was one of the last to be signed by the presiding officers of the Senate and House of Representatives and by the President. Now that the bill is become a law, the question uppermost in the minds of every progressive citizen is where will the building be located.

The News is not competent to make a suggestion along this line, but we have heard a number of selections as being available and believe when the matter is finally settled upon it will be satisfactory. While the amount allowed for the building is far below what we think Paris justly deserves, yet we must say that for small favors from Uncle Joe Cannon and a Republican Congress, we are highly gratified and extend our sincere congratulations.

(The cities in the state that came in for a share of Uncle Sam's beneficence were as follows: Bowling Green, \$10,000; Danville, \$50,000; Lebanon, \$30,000; London, \$50,000; Owensboro, \$175,000; Paris, \$40,000; Versailles, \$25,000, and Winchester, \$45,000.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.
